Third party external experts and Consultants

The top international consultants in this space are: EcoAct, South Pole, ERM, Quantis, Anthesis, Optera, Antea, Accenture, Engie Impact, Watershed (likely be more expensive than local consultants).

PEPSICO POSITIVE (pep+)

Potential 3rd Party Partners

ABOUT:

This is a list of companies with which PepsiCo has worked to advance sustainability within our own plants and operations, particularly for energy and water use. We are not sanctioning any of these providers but are providing this list as a place to start for our Contract Manufacturers and RePackers to accelerate action on pep+.
